

Welcome

Thank you for choosing to find out more about supporting Southend YMCA.

In supporting us will help you to achieve your corporate social responsibility goals by having a positive impact on young people in your local area.

Between 1887-1903 Southend YMCA was established, providing a men's hostel and pastoral care on Weston Rd, just off Southend High Street. And in 1915 YMCA helped with the wartime efforts, providing a canteen and recreational facility for soldiers from the Shoebury Garrison. In 1995, the Newlands building was constructed on Ambleside Drive providing 30 flats for homeless young people. And, in 2014, we founded the Southend YMCA Community School offering a combined GCSE and Pastoral Programme for Vulnerable Learners with direct funding from the Department for Education and, more recently, Southend YMCA opened a new Childrens Home!

From 2021 to 2022 Southend YMCA worked intensively with 1600 children, young people and their families through outcome-based projects. Our services are offered free of charge and free from discrimination, but we can only do this with the financial support of people and businesses in our local area.

People believe that we are funded from the national YMCA movement, but this is not the case. While we have some contract and grant-funding, our youth work must be supported by funding from other sources and through fundraising activities.

We need your help!

Last year, we successfully negotiated the Covid Pandemic and, this year, at the time of writing, we orientate to an emerging cost of living crisis! Despite these challenges we continue to provide social benefit to vulnerable children, young people and families. Our goal is to be there for any young person who requires our services and support. We can only do this with your help

'FUND A ROOM' SPONSORSHIP

Our Fund a Room initiative offers local businesses, organisations and individuals opportunities to support Southend YMCA's work. As a local Charity, we are solely responsible for raising all our own funds.

Everyone needs a stable and secure home - some children and young people have a very difficult start in life. Fund a Room has been developed to enable local people to play a pivotal role in the lives of the vulnerable children and young people of Southend.

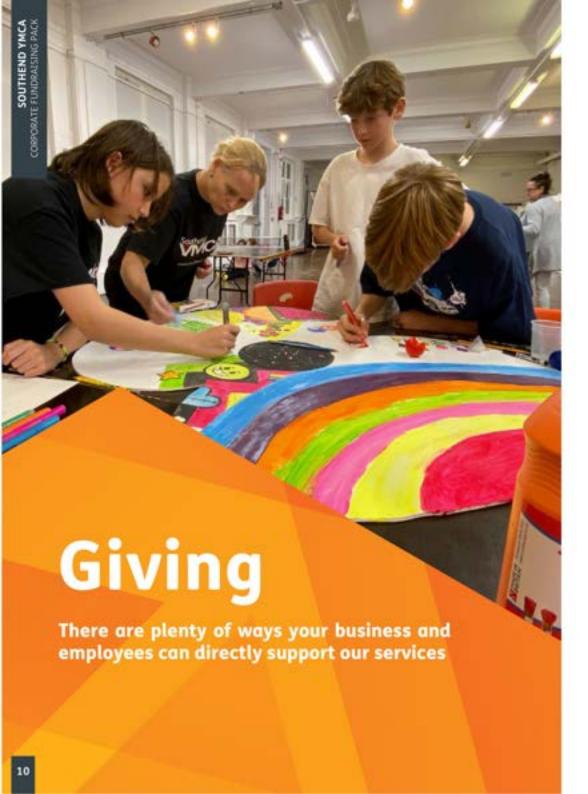

A Fund a Room donation is an investment which will help us to build the lives of the children and young people we support and help us to develop more housing.

We have two ways you can support us:

- · Business and organisational sponsors make an investment of £3,000 and have a room named in their honour for 2 years.
- · Individuals can make one-off donations of their choice.
